This is an adult or adult with child full body fitness program. The adults will strengthen their core and build muscles as the children play on the playground. This program is built for all levels of fitness. Each exercise can be modified to a higher or lower level. Muscles burn calories and each exercise can be performed at a faster speed in order to raise your heart rate if cardio is in your interest, too.

Plant the seed of a healthy lifestyle in your child's life as they observe you enjoying exercise and friends as they also play and exercise on the playground. See you there for fresh air and fitness!
