2. STATEMENT OF WORK

The Contractor shall furnish all supervision, labor, materials, machinery, tools, equipment, and services and complete work in an efficient and workmanlike manner.

3. INTERPRETATIONS OR ADDENDA

No oral interpretation will be made to any Bidder as to the meaning of the Contract Documents or any part thereof. Every request for such an interpretation shall be made in writing to the Owner. Any inquiry received prior to the date fixed for the opening of Bids will be given consideration. Every interpretation made to a Bidder will be in the form of an Addendum to the Contract Documents and when issued will be mailed to each person holding Contract Documents, but it shall be the Bidder's responsibility to make inquiry as to the Addenda issued. All such Addenda shall become part of the Contract Documents and all Bidders shall be bound by such Addenda, whether or not received by the Bidders.

Each bidder must inform himself fully of the conditions relating to the labor under which the work is now being or will be performed. Failure to do so will not relieve a successful Bidder of his obligations to furnish all material and labor necessary to carry out the provisions set forth in his Bid. Insofar as possible, the Contractor in the carrying out of his work, must employ such methods or means as will not cause any interruption or interference with the work of any other Contractor. The Contractor shall schedule his work in cooperation with other Contractors and their schedules so that efficient and coordinated progress of all work occurs.

4. INSPECTION OF SITE

It is understood and agreed that the Contractor has, by careful examination, satisfied himself as to the nature and location of the work, the conformation of the ground, the character, quality and quantity of the materials to be encountered, the character of equipment and facilities needed preliminary to and during the prosecution of the work, the general and local conditions, and all other matters which can in any way affect the work under this Contract, including unfavorable conditions that may be encountered in the work, whether apparent upon surface inspection or disclosed only in the process of progressing the work. The Owner makes no representation as to the soil conditions to be encountered. No verbal agreement or conversation with any officer, agent or employee of the Owner, either before or after the execution of this Contract, shall affect or modify any of the terms or obligations herein contained.

5. AGREEMENT

The agreement is only to be signed by the winning bidder. The winning bidder will be notified of the award and will be given a separate copy of the agreement to sign and return. Once returned town officials will inspect and sign the agreement upon which the notice to proceed will be given.

c. Any Bid on which there is an alteration of or departure from the Bid form hereto attached may be considered irregular and as such may be rejected as informal.

e. Each Bidder shall include in his Bid, in the appropriate spaces therefore, the estimated cost of performing the work including all items of overhead, and without credit for salvaged materials.

8. BID GUARANTY

a. The bid for each project shall be accompanied by a Bid Guaranty which shall not be less than five per cent (5%) of the total estimated cost of the work including all items of overhead. At the option of the Bidder, the guaranty may be a certified check, bank draft, or a Bid bond approved by the Town Clerk. No Bid will be considered unless it is accompanied by the required guaranty. Certified checks or bank drafts must be payable to the order of the Town of Union. Cash deposits will not be accepted. The Bid guaranty shall insure the execution of the Agreement and the furnishing of the surety bond or bonds by the successful Bidder, all as required by the Contract Documents.

b. Revised Bids submitted before the opening of Bids, whether forwarded by overnight or special delivery, if representing an increase in excess of two per cent (2%) of the original Bid, must have the Bid guaranty adjusted accordingly, otherwise the Bid will not be considered.

c. Certified checks or bank drafts, or the amount thereof, and Bid bonds, of unsuccessful Bidders will be returned as soon as practicable after the opening of Bids.

9. COLLUSIVE AGREEMENTS

a. The Owner shall have the right to take such steps as it deems necessary to determine the ability of the Bidder to perform his obligations under the Contract, and the Bidder shall furnish the Owner all such information and data for this purpose as he may request. The right is reserved to reject any Bid where an investigation of the available evidence or information does not satisfy the Owner that the Bidder is qualified to carry out properly the terms of the Contract.

11. CORRECTIONS

Erasures or other changes in the Bid must be explained or noted over the signature of the Bidder.

12. TIME FOR RECEIVING BIDS

a. Bids received prior to the time of opening will be securely kept unopened. The officer whose duty it is to open them will decide when the specified time has arrived, and no Bid received thereafter will be considered; except that when a Bid arrives by mail after the time fixed for opening, but before the reading of other bids is completed, and it is shown to the satisfaction of the Owner that the non-arrival on time was due solely to delay in the mails for which the Bidder was not responsible, such Bid will be received and considered.

b. Bidders are cautioned that, while telegraphic modifications of Bids may be received as provided above, such modifications, if not explicit and if in any sense subject to misinterpretation, shall make the Bid so modified or amended, subject to rejection.

13. OPENING OF BIDS

At the time and place fixed for the opening of Bids, the Owner will cause to be opened and publicly read aloud every Bid received within the time set for receiving Bids, irrespective of any irregularities therein. Bidders and other persons properly interested may be present, in person or by representative.

14. WITHDRAWAL OF BIDS

Bids may be withdrawn on written or telegraphic request dispatched by the Bidder in time for delivery in the normal course of business prior to the time fixed for opening; provided, that written confirmation or any telegraphic withdrawal over the signature of the Bidder is placed in the mail and postmarked prior to the time set for Bid. The Bid guaranty of any Bidder withdrawing his Bid in accordance with the foregoing conditions will be returned promptly.

15. AWARD OF CONTRACTS: REJECTION OF BIDS

a. The Contract will be awarded to the responsible Bidder complying with the conditions of the INVITATION FOR BIDS provided such Bid is reasonable and it is to the best interest of the Owner. The Owner, however, reserves the right to reject any and all Bids and to waive any informality in Bids received whenever such rejection or waiver is in its interest. The Bidder to whom the award is made will be notified at the earliest possible date.

b. The Owner reserves the right to consider unqualified to perform the Contract any Bidder who does not habitually perform with his own forces the major portions of his work.

c. The owner intends to award the contract within 30 days of the bid opening. Bidders have the right to withdraw their bids and receive the full amounts of their bid bonds if the owner does not award the bid within 30 days.

16. EXECUTION OF AGREEMENT; PERFORMANCE AND PAYMENT BOND

a. Subsequent to the award within ten days after the prescribed forms are presented for signature, the successful Bidder shall sign, notarize, and return three (3) copies of the Agreement to the Owner.

b. Having satisfied all conditions of award as set forth elsewhere in these documents, the successful Bidder shall, within the period specified in Paragraph "a" above, furnish a surety bond in a penal sum of not less than the amount of estimated cost of the work including all items of overhead, as set out in the accepted proposal as security for the faithful performance of the Contract, and for the payment of all persons, firms, or corporations to whom the Contractor may become legally indebted for labor, materials, tools, equipment, services of any nature, employed

or used by him performing the work. Such bond shall be in the same form as that included in the Contract Documents and shall bear the same date as, or date subsequent to, the date of the Agreement. The current power of attorney for the person who signs for any surety company shall be attached to such bond. This bond shall be signed by a guaranty or surety company approved by the Owner's attorney.

c. The failure of the successful Bidder to execute such Agreement and to supply the required bond or bonds within seven days after the prescribed form are presented for signature, or within such a period as the Owner may grant, based upon reasons, determined sufficient by the Owner, shall constitute a default, and the Owner may either award the Contract to the lowest responsible Bidder or re-advertise for Bids, and may charge against the Bidder the difference between the amount for which a Contract for the work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the Bid Bond. If a favorable Bid is received by re-advertising, the defaulting Bidder shall have no claim for a refund.

b. Special attention is directed to the Affirmative Action requirements presented in this Contract, which shall apply, to the Contractor and any Subcontractor under the terms of this Contract. The Contractor will be required to make a good faith effort in awarding work to minority-owned and women owned business enterprises.

21. APPROXIMATE ESTIMATE OF QUANTITIES

The approximate estimates will be used as a basis in determining the lowest Bidder. They are based upon an approximate estimate of the quantities of work to be performed, stated with as much accuracy as is possible in advance and must be understood as being approximate only; and the Contractor must not, at any time, after the execution of this Contract, dispute the accuracy of the estimate, or make any claims whatever against the Owner, its agents, or representatives based upon their alleged accuracy, or claim any misunderstanding in regard to the nature of the conditions, or the amount of work to be done, or the quantities of materials to be furnished under this Contract.

AFFIRMATIVE ACTION PLAN

The objective of the Affirmative Action Plan of the above designated contractor to provide maximum job opportunities for minority residents in the Town of Union area and other areas in which the company is engaged in substantial work activity. The company will estimate the total number of minority and /or low-income persons it plans to employ in each job category and will develop and maintain a labor force by job categories, which reflects the minority and/or low-income residential labor force characteristic of the Town of Union, Broome County, New York. Furthermore, it is proposed that the company formulate a proportioned percentage of apprentices and/or trainees employed on each project. These objectives shall remain uniform throughout the year. It is further agreed that these objectives will not be met by transfers within the company for such transfers would violate the intent of the program.

To assist in implementation of this plan, the above organization has designated that:

_____ act as the company's Equal Employment Officer.

All managerial personnel of the above-designated contractor are aware of its Equal Opportunity Policy and its objectives. In addition, all employees in the organization have been given a verbal explanation of the policy. Special meetings for discussion of problems relative to the Affirmative Action procedures and its implementation are initiated as needed.

An estimate of peak manpower needs for the submitted project is as follows:

Equipment Operators	_____
Truck Drivers	_____
Laborers	_____
Other	_____

The above mentioned labor force will be drawn from employees currently working for the above designated contractor and no new hiring is anticipated for the above project.

At this time, the above-designated contractor does not have a minority deficiency, nor does it plan on hiring additional workers in the immediate future. However, should a deficiency develop or should there be a labor shortage, the following steps will be taken to insure Equal Employment Opportunity hiring.

- (1) All job openings will be listed with the New York State Employment Service for inclusion in the job bank.
- (2) All jobs will be listed in the local press, indicating all relevant details associated with the job.
- (3) Notification will be sent to all local agencies concerned with Equal Employment Opportunity.

In the Implementation of the three items above, it will be made clear that _____
is an Equal Opportunity Employer.

IMPORTANT PLEASE READ
PURPOSE OF THE SECTION 3 PLAN

This plan exists in order to ensure that, to the greatest extent feasible, a good faith effort will be made to:

- 1.) Provide an opportunity for training and employment to low-moderate income residents of the project area.
- 2.) Provide businesses located in the project area with the opportunity to become sub-contractors and/or vendors.

In order to accomplish the above, all potential contractors must sign the Contractor's Compliance Form contained in this section. In addition, all potential contractors must complete the Contractor's Section 3 Plan. This plan indicates what actions, if any, are proposed for hiring project area residents and for sub-contracting with project area businesses. A list of organizations concerned with the employment of project area residents is included in this Section in order to assist you when filling out the Contractor's Section 3 Plan.

Also included in this Section is a Trainee Utilization Plan and a Skilled Employee Utilization Plan. The successful bidder must complete these two forms.

PLEASE NOTE: The Successful bidder is the one with the lowest responsible bid. Each bidder, however, must sign the Contractor's Compliance Form and complete the Contractor's Section 3 Plan.

STATEMENT OF COMPLIANCE

TRAINING, EMPLOYMENT, AND CONTRACTING OPPORTUNITIES FOR BUSINESSES AND LOWER INCOME PERSONS

A.) The project assisted under this agreement is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u. Section 3 requires that to the greatest extent feasible, opportunities for training and employment be given to lower income residents of the project area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the area of the project.

B.) Notwithstanding any other provision of this agreement, the Company shall carry out the provisions of said Section 3 and the regulations issued pursuant thereto by the Secretary set forth in 24 CFR Part 135 (Published in 38 Federal Register 29220, October 23, 1973), and all applicable rules and orders of the Secretary issued thereunder prior to the execution of this contract. The requirements of said regulations include, but are not limited to, development and implementation of an affirmative action plan for utilizing business concerns located within, or owned in substantial part by persons residing in the area of the project; the making of a good faith effort, as defined by the regulations, to provide training, employment, and business opportunities required by Section 3; and incorporation of the "Section 3 clause" specified by Section 135.20(b) of the regulations in all contracts for work in connection with the project. The Company certifies and agrees that it is under no contractual or other disability, which would prevent it from complying with these requirements.

C.) Compliance with the provisions of Section 3, the regulations set forth in 24 CFR Part 135, and all applicable rules and orders of the Secretary issued thereunder prior to approval by the Government of the application for this agreement shall be a condition of the Federal financial assistance provided to the project, binding upon the Company and assigns. Failure to fulfill these requirements shall subject the Company, its contractors and sub-contractors, its successors, and assigns to the sanctions specified by this agreement, and to such sanctions as are specified by 24 CFR 135.135.
